Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

Ed B. Hawkins.

Mr. Ed B. Hawkins, whose name appears in this issue of the NEWS as a candidate for the office of Sheriff of Roosevelt county, is a life long Democrat, having always voted the ticket. He has lived in Portales eight years, taking an active part in the affairs of the town and county. Mr. Hawkins is a man of courage and well-to-do, and he will appreciate any help from those he fails to see as well as others.

If elected sheriff he will be the people's sheriff as no man or set of men can bulldoze him into doing those things that he does not believe best for the people. He stands for economy in all lines of government, and lower taxes for the people of this section. Mr. Hawkins hopes to see every voter in the county personally, but it is hard to do, and he will appreciate any help from those he fails to see as well as all others.

The following letter from far off California, rather makes the News quill pusher swell up with pride, like a muley cow with a turnip in her throat. Its encouraging.

Making Uniforms

Out of Paper.

Both Japanese and Russian soldiers are wearing paper clothes. "Kamiko", as paper clothing is called in Japan, is made of real Japanese paper manufactured from mulberry bark. The paper has little "siz" in it, though soft and warm, a thin layer of silk wadding is placed between two sheets of the paper, and the whole is quilted. Japanese soldiers realized the value of this kind of clothing when they had to weather a Siberian winter, but its only drawback is that it is not washable.

A company in Yokohama is supplying large quantities of paper shirts to the Russian army. They state, says the American consul general at Yokohama, that paper clothes are made extensively in Japan. The garment sold by the firm is made of tough, soft fabric, strong enough to hold buttons sewed-on in the ordinary way and appears to be very serviceable. —Ex.
